

Add an LINK to your phone screen that will open our website, directory and Give Plus+ our secure online giving site.

HERE'S HOW TO DO IT

1. Open the website or page on the website you want to appear on your homescreen
www.stthomasgi.com

<https://www.stthomasgi.com/directory/>

<https://www.stthomasgi.com/giving/>

2. On an android tap the Menu button and select “Add to Home Screen”.
 (if you don't know where your menu button is – refer to the diagrams below)

On an iphone, tap the Share icon (square with an arrow pointing out at the bottom of your screen) and select “Add to Home Screen”

3. The icon for the page will appear (sailboat or simply giving logo). With a blank for you to fill in whatever you want to call it. (“website” “directory” or “simply giving” or even “sermons”)

Here are a few examples of what the Menu button can look like:

Using Galaxy S5 and similar devices, press and hold for about 1 second the dedicated task manage button (to the left of your home button).

Using Galaxy S6 or S7 (also edge) and similar devices, press and hold the device “Back” button (to the right of your home button).

For phones without a Menu button

To use the Menu button on your phone, you must long Tap on the app switch button.
