

World Medical Relief

MISSION: to facilitate the distribution of surplus medical resources where they are needed. As such, our programs have both a local, national and international focus.

In 1953, a Detroit housewife--Irene M. Auberlin--embarked upon a remarkable mission. Inspired by the plight of a single war orphan during the height of the Korean War, Mrs. Auberlin mobilized her friends and family to collect food, baby clothing, cribs, and medicines to ship overseas. Her original goal--to help one small boy--turned into a much larger mission: relieving the pain and suffering of an entire orphanage filled with 400 hurting children. Under Mrs. Auberlin's careful watch (and with the assistance of her husband Lester), the mission expanded. World Medical Relief began collecting and distributing recycled medical and dental equipment, medical supplies, and medicines to aid thousands of sick and poor people around the globe. They were doing "God's work," as Mrs. A. would say, by turning the sins of waste into the miracles of mercy.

PRAYER:

Make Me an Instrument of Your Healing

Inspired by and adapted from the Prayer of Saint Francis

Lord, make me an instrument of your healing:

where there is disappointment in a test or procedure, make me into a comfort;

where there is confusion at a diagnosis or treatment, make me into clarity;

where there is illness of any kind, make me into care and comfort;

where there is anguish in death, make me into hope;

where there is joy in new life, let me be a multiplier of that joy;

O Great Physician, grant that I may not so much seek

to be served as to serve

to be praised as to praise

to be loved as to love.

For it is in giving that we receive,

it is in healing that we are healed,

and it is in dying that we are born to eternal life.

Amen.
